DETAILED ACTION

Non-Responsive Amendment

1. The amendment filed on 12 March 2007 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because the amended claims include a sensor array, digitizer, and decoder which are not used the imaging limitations of the elected claims (see Election/Restriction mailed 13 July 2004).

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.

Note: An amendment canceling all claims drawn to the elected invention and presenting only claims drawn to the nonelected invention should not be entered. Such an amendment is nonresponsive. Hence, claims 19-38 should not be entered. Claims 1-18 are still pending, with claims 10-14 withdrawn and claims 1-9 and 15-18 rejected as set forth in the office action mailed 12 December 2006.
